

6-8 June 2022

Monday -
Wednesday
ONLINE

European
Commission

Horizon 2020
European Union funding
for Research & Innovation

School with Energy(oCoE) starts soon, are you ready?

It is a program of Energy Oriented Center of Excellence that offers collaborative online learning opportunities following the theme "toward exascale for energy".

This project is funded from the European Commission Horizon 2020 project No. 824158 ("EoCoE-II") and in case of PSNC co-funded from the programme of the Polish Minister of Science and Higher Education entitled "PMW" in the years 2019 - 2022; agreement no. 5057/H2020/19/2020/2.

You are invited to join EoCoE School!

At the crossroads of the energy and digital revolutions, EoCoE develops and applies cutting-edge computational methods in its mission to accelerate the transition to the production, storage and management of clean, decarbonized energy.

Here is what you can earn:

- ▶ EoCoE technical and industrial work understanding,
- ▶ study for free and support online by mentors specialists,
- ▶ an access to HPC to conduct energy oriented simulations during the hand-on sessions,
- ▶ a chance to share your experience,
- ▶ EoCoE/PSNC certification,
- ▶ great prizes!

Who is the event aimed at?

Scientists & researchers from academia and industry from across Europe.
